

**VISA® DEBIT CARD:**

Visa® Debit Cards are available with all FNCU checking accounts. Make your everyday purchases anywhere Visa® is accepted and enjoy these features:

**Convenience**

Your debit card can be utilized at millions of locations worldwide that display the Visa logo. Contactless cards now available. Experience a secure, convenient, and touch-free purchase, at participating merchants.

**Instant Issue Cards**

Obtain your new or replacement Visa Debit Card at any branch location within a matter of minutes.

**Enhanced Fraud Protection**

EMV chip technology embedded in each card helps protect you from fraud. The chip holds information that is encrypted, making it difficult to duplicate the card, reducing the risk of fraudulent charges from occurring on your account. Visa 3D Secure technology helps protect your online transactions as well by providing an additional layer of verification during your transaction.

**24/7 Fraud Monitoring**

Fraud analysts monitor your account for suspicious transactions. If potential fraud on your card is detected, you will be contacted and asked to verify the transaction. If traveling, please notify us to avoid interruption to your debit card purchases.

ROUND-UP:

Round-up is an easy checking account feature that will grow your Savings without any effort!

How it works:

Start building your savings easily and automatically every time you make purchases with your FNCU Visa<sup>®</sup> debit card. Each purchase gets rounded up to the next dollar and the difference is deposited into your FNCU savings account.<sup>4</sup>

- It's free!
- Choose which FNCU savings account the funds will be deposited to.
- Save money without even thinking about it.

Start Saving Today!

To get started, all you need is a checking account, savings account, and debit card. Then contact FNCU to enable your Round-up savings.

4. When you enroll in the Round-up Savings feature, FNCU will round up your debit card transactions to the nearest whole dollar amount and transfer the difference from your designated checking account to the designated savings account. FNCU will not round up purchases posted for any transaction in which you do not have sufficient funds in your checking account and the round up transfer will be cancelled for that transaction. Transfers will resume as soon as sufficient funds are available. If any debit card transaction is subsequently cancelled or reversed, the corresponding transfer to your savings account will not be reversed and funds will remain in your savings account. ATM transactions are not included in the program. Round-up feature available for each debit card linked to a checking account. Any other FNCU account may be designated to receive the round up amount, excluding IRAs and certificates. You may cancel your participation at any time by contacting the Credit Union. FNCU may cancel or modify the Round-up Savings feature at any time without prior notice.
