Think you don’t need identity theft protection?

Think again.

Identity theft is consistently the number one complaint to the Federal Trade Commission. Rampant data breaches affecting millions of records are putting consumers at great risk of identity theft. It can happen to anyone – regardless of your age, income, where you live, or how careful you are.

Restoring your identity on your own can be stressful and time-consuming. After a while, some people give up, leaving them to contend with the aftermath of identity theft for years to come, including fraudulent bills, collections activity, damaged credit and even criminal records.

These valuable services are included with our First Class, Preferred, and Premier checking accounts. For more information, visit firstnebraska.org.
