

Firefox – Clearing Cache

1. Click on the “3-lines” (some call it the hamburger icon) button then on “Options”

2. It will open the following window. Click on Privacy & Security.” Choose the “Cookies and Data” and clear it, then on “History” and clear that, also.

Send websites a "Do Not Track" signal that you don't want to be tracked [Learn more](#)

- Always
- Only when Firefox is set to block known trackers

3. Make sure these are checked, then press Clear.

4. Click "Clear Now"

5. Click on History tab, and choose the ones you want to delete and click Clear Now. Also choose the time range to clear. If you tried a website yesterday, you will want to clear history for “Everything.”
